SHEEP SECTION

MAEDI VISNA ACCREDITED FLOCK SCHEME

The onus is on the MV/CAE Accredited Flock owners and exhibitors to take appropriate measures to avoid close contact with non-scheme sheep and goats.

- a. Sheep from Accredited flocks must be accompanied by a green SAC Veterinary certificate that must be handed to the steward on the entrance to the Sheep Section on the Showground.
- b. Separate transport must be used for accredited and non-accredited sheep; and there will be separate unloading points clearly marked.
- c. In open penning there will be 2m space between penning of accredited and non-accredited sheep.
- d. There will be separate watering facilities for accredited and non-accredited sheep.
- e. Accredited and non-accredited sheep may be allowed in the same ring, but should be led by a halter or collar and there should be a 2m space between different categories. It is accepted that judges will need to pass between and handle the sheep, but any examination such as mouching should be carried out by the handler for the judge's inspection.
- f. If any accredited sheep come into close contact with non-accredited sheep, it must on return to its own or other scheme premises assume the status of contact sheep. Generally this will require isolation and testing at 6-9 months intervals until status is regained.

SCRAPIE MONITORED SHEEP

When signing the entry form the owner of the sheep will be declaring and confirming that all females of all breeds will be entering and exhibiting ewes that have not lambed within 30 days prior to entry to the Show, or ewes in lamb or running with the ram. No separate provisions are made for Scrapie Monitored Sheep.
